

*Episode 2.3*

After students work on the snow-shoveling problem (from episode 1.1), the following exchange occurs:

1. S1: Mr. [Teacher], why does this matter?
2. T: What do you mean?
3. S1: Like who cares?
4. T: Well, you care if you want to get a good grade on your test.
5. S1: OK, no, but like in real life?
6. T: Well, we do it because we love math, right? We enjoy a challenge.
7. S2: We love math.
